SAVE MONEY

Get the savings of daily, weekly, and monthly passes, but without the commitment or upfront cost. You pay your way one trip at a time, and you'll never pay for a trip you don't take. The Wave will give you the best deal on your fare based on how much you ride.

LOAD ANYWHERE

Top off your account anywhere, anytime using The Wave website, a retail location, or Rapid Central Station. You can also choose auto-load to add funds when your balance is low.

ACCOUNT MANAGEMENT

You can quickly register your card and set up a funding source using our mobile-friendly website. You can manage multiple cards, see a history of your recent trips and transactions, and deactivate/reactivate a lost or stolen card.

The Rapid will continue to accept cash fare onboard buses. This change does not impact GO!Bus and PASS. The Rapid will continue to accept paper tickets until summer 2020.
